The Department of Education and Skills has developed an electronic database of primary school pupils called the Primary Online Database (POD) which will involve schools maintaining and returning data on pupils to the Department at individual pupil level on a live system. The database will allow the Department to evaluate progress and outcomes of pupils at primary level, to validate school enrolment returns for grant payment and teacher allocation purposes, to follow up on pupils who do not make the transfer from primary to post primary level and for statistical reporting. The database will hold data on all primary school pupils including their PPSN, First Name, Surname, Name as per Birth Certificate, Mother's Maiden Name, Address, Date of Birth, Gender, Nationality, whether one of the pupil's mother tongues is English or Irish, whether the pupil is in receipt of an Exemption from Irish and if so the reason for same, whether the pupil is in receipt of Learning Support and if so the type of learning support, whether the pupil is in a Mainstream or Special Class. The database will record the class grouping and standard the pupil is enrolled in. The database will also contain, on an optional basis, information on the pupil's religion and on their ethnic or cultural background.

The Department has consulted with the Data Protection Commissioner in relation to the collection of individual pupil information for the Primary Online Database. Both religion and ethnic and cultural background are sensitive personal data categories under Data Protection legislation. These questions are optional. While these questions are optional, the information would be very useful to the Department for statistical and research purposes. Aggregated information on Ethnic/Cultural background will be used to track the progress of these groups, and to compare their progress with other groups, thereby identifying gaps in the system and assisting in the development and implementation of appropriate policies and interventions. Enhanced capitation in respect of pupils who are members of the Traveller Community will be paid to schools on the basis of the answers to this question. Aggregated information on religion will be used for statistical purposes only. Parents/guardians are asked, if they wish to do so, to identify their children's religion and ethnic background, and to consent for this information to be transferred to the Department of Education and Skills. This page of the form will be retained by your primary school.
